Projects

ChowTown – Personal Dining Catalogue (<https://github.com/ElliLoes/Project-ChowTown>)
Sep 2018

An application for searching, saving and creating collections of favourite restaurants to encourage users to explore more dining options in their city and around the world. An API based project that uses browser local storage to store user generated information.

Trivia Game (<https://github.com/alex0n0/TriviaGame>)
Aug 2018

A quiz with a prehistoric theme that relies on timers to automatically progress the game and randomisation across questions and MCQ options.

Star Wars RPG (<https://github.com/alex0n0/Star-Wars-RPG-Game>)
Aug 2018

A 'one vs all' game that centres around dom manipulation and a clean UI that is designed to direct user action with clear visual indicators.

Work Experience

Material Creator
Edu pia
Mar 2016 - present

Creating workbooks and trial papers for students, disseminating workload of a large project to a small group for faster work flow. Designing a variety of utility tools such as reactive Excel marking forms. Formatting materials for upload to database.

Education

University of New South Wales
Bachelor of Commerce/Information Systems
Mar 2015 - Aug 2019
